Customer Support Test Cases — Grounded RAG, Transactional Sync & Sentiment Triggers

SCENARIO 1: PERISHABLE ITEM RETURN & INSTANT REFUND VALIDATION

CATEGORY: PERISHABLE GOODS RETURN | CUSTOMER ID: CUST-101

Customer:

Hi, I received my order #ORD-9001 12 hours ago, but the Fresh Hass Avocados were completely bruised and rotten inside. Can I get a refund for this?

Cortex Agent:

Hello! I'm so sorry to hear that your avocados arrived in bad condition. 🥑

I checked your order **#ORD-9001** placed today. Since you are reporting this within our **48-hour return window** for fresh produce, you are eligible for a full refund of **$4.99**.

Would you prefer an **instant store credit** to your wallet (available immediately) or a refund back to your original payment card (3-5 business days)?

> 📄 **Referenced Policy Citation:** `E_GROCERY_ONLINE_SHOPPING_POLICIES.md` — *"Freshness & Quality Guarantee: Perishable products reported within 48 hours are eligible for instant credit or full refund."*

⚡ **Cortex Backend Execution Diagnostics:**

Sentiment Score: -0.32 (Slightly Dissatisfied)	**Order Validated:** ORD-9001 (12h ago < 48h limit)	**Vector Similarity:** 0.892 (e5-base-v2)

SCENARIO 2: POLICY INQUIRY — ORDER MODIFICATION & CANCELLATION FEES

CATEGORY: CANCELLATION POLICY | CUSTOMER ID: CUST-102

Customer:

I placed an order an hour ago (#ORD-9003) which shows "Out for Delivery". Can I still cancel it without any charges?

Cortex Agent:

I took a look at your order **#ORD-9003**. It is currently marked as **Out for Delivery**.

According to our policy, orders can be canceled free of charge up to **2 hours before the delivery window** while still being packed. However, because your order is already out with the courier, canceling it now will incur a **$5.00 restocking fee**.

If you would still like to proceed with the cancellation, please let me know and I can trigger that for you!

> 📄 **Referenced Policy Citation:** `E_GROCERY_ONLINE_SHOPPING_POLICIES.md` — *"Section 2: Once an order enters 'Out for Delivery', cancellations incur a $5.00 restocking fee."*

⚡ **Cortex Backend Execution Diagnostics:**

SCENARIO 3: PRODUCT CATALOG, DIETARY & STOCK AVAILABILITY QUERY

CATEGORY: PRODUCT CATALOG & ALLERGENS | CUSTOMER ID: CUST-103

> Do you have any gluten-free bakery items in stock right now? Also, does the almond bread contain dairy?

Yes, we do! Here are the details from our live product catalog:

- **Gluten-Free Almond Bread** (Item #P002) — **$5.99**
- **Stock Status:** 45 units available in warehouse.
- **Dietary Information:** Gluten-Free, Vegan, Dairy-Free. *(Note: Contains Nut Allergens due to almond flour).*

It is completely **dairy-free**! Would you like me to add a loaf to your current basket?

> 📊 **Data Source:** `PRODUCT_CATALOG` — Matched `P002` where `DIETARY_INFO LIKE '%Gluten-Free%'`.

⚡ **Cortex Backend Execution Diagnostics:**

Sentiment Score: +0.45 (Positive Inquiry)	**Catalog SQL Query:** 1 row returned (Stock: 45)	**Latency:** 1.8 seconds

SCENARIO 4: HIGH NEGATIVITY / FRUSTRATED ESCALATION SAFEGUARD

CATEGORY: ESCALATION TRIGGER | CUSTOMER ID: CUST-104

> This is ridiculous! My delivery is 3 hours late, all my ice cream is probably melted, and your delivery driver isn't answering! I want this resolved immediately or I'm deleting this app!

I completely understand your frustration, and I am deeply sorry for this unacceptable delay with your delivery. 😞

Because your order is significantly delayed, I have immediately prioritized your request. I am connecting you directly with a **Priority Human Support Representative** right now to review your delivery status and issue an immediate refund.

Representative Priority Queue ID: `#ESC-8821` (Estimated wait time: < 1 minute).

> 🛡️ **Guardrail Triggered:** Cortex `SENTIMENT()` score fell below critical threshold (`-0.78 < -0.50`). Automated escalation routing initiated.

⚡ **Cortex Backend Execution Diagnostics:**

Sentiment Score: -0.78 (Severe Negative)	**Action Taken:** Bypassed LLM Bot; Human Transfer	**Logged To:** `CUSTOMER_FEEDBACK`
